

TECHNICAL SPECIFICATION

The POWER – TOWER CLOUD AIR PURIFIER

Model No: The Power Tower Cloud Purifier
Rating: 110/240V, 50/60hz
Consumption: 5.0W
Coverage: 80 – 120 m2
Dimensions: 160c X 402mm
Net Weight: 1655g
Negative Ion Output 4,000,000 ions/cm3

Package Information: Each unit in a styro foam shield then in colour box

Carton Size: 75cm(W) X 47cm(H) X 43cm(D)
GW/NW of carton: N.G/W.G 21.6/23 kgs

PRICE: Van ~~329,-~~ VOOR € 269,- Incl. BTW en verzending.

Product Details:

- A freestanding ionisation unit that creates a clean indoor climate
- The unit reduces airborne bacteria, eliminates odour, volatile gases, cigarette smoke, mould and fungus spores
- The number of airborne particles is significantly reduced
- Inside the unit is an ionisation tube with an operating time of 9000 hours
- The Tower is handmade and treated with stainless steel

Product Benefits:

Combines function style and beauty.

- Hand crafted stainless steel art piece
- Aids in a cleaner indoor environment
- Minimum maintenance required
- European design and safety standards
- Calming blue glow which doubles as a night light

The Tower is the perfect solution to assist in reducing odour and freshening the air in most areas of your home or office.

Particularly great in bedrooms, workspaces, Fitnesscentres, Physiotherapists, Doctor and hospital waiting rooms, schools, university, all living areas or the kitchen.

Test reports available! Sydney Post Harvest Laboratory and RoHS certificate!
